### WARRING NATIONS AGREE ON MAIN POINTS FOR PEACE

Hostilities Will Cease On Front Following Armistice.

### WAR ENDS SUNDAY After Seven Months Of Continuous Fighting Trouble Ends

London, Oct. 6.—An armistice protocol was signed by the Russian-Polish peace envoys at Riga at 7:30 o'clock Tuesday night, said a Warsaw dispatch to the Daily Express today.

A general agreement was reached by the Poles and Russians on all the main points preliminary to peace negotiations.

The actual armistice, which will bring hostilities on the Russian-Polish front to an end after more than seven months of violent and continuous warfare, probably will be signed on Friday. The protocol was in the form of a preliminary agreement on both sides to accept conditions which will govern the actual truce.

It is reported from Berlin that both General Brusiloff and M. Tchitcherine, commissar for foreign affairs in the soviet government have gone to Riga. If the Russian and Polish envoys carry out their present plans fighting on the great 700 mile battle line, between the Lithuanian and Western Ukraine will end by Sunday.

## U. S. SENATORS BEGIN PROBE OF COX FUND OF 1916 IN DAYTON

Senators Edge and Pomerene Engage Rooms In Dayton.

Dayton, Ohio, Oct. 6.—Senators Edge and Pomerene, members of the subcommittee of the senatorial investigation committee who are to meet here to continue the inquiry into the contributions to the campaign fund of Governor Cox in 1916 have engaged a room in the federal buildings for the purpose beginning the hearings in this city tomorrow.

It is believed that the main work of the sub-committee will be to subpoena H. E. Talbot, Sr., and officials of the Dayton Metal Products company regarding the charge that the metal company took up a note of \$5,000 of Governor Cox in 1917, when the company was then engaged on war contracts.

Other witnesses will be called, it is understood, in connection with alleged "slush fund" of \$37,000 which it is claimed was raised by the friends of Governor Cox who were engaged in war work, for the purpose of furthering the candidacy of Cox in 1916.

## TOLEDO BUSINESS MEN NOT SATISFIED WITH OUSTING CHIEF

Demand Made For Complete Change Of Police Department.

Toledo, O., Oct. 6.—Despite the suspension of Police Chief Henry J. Herbert by Mayor Cornell Schreiber yesterday, with the recommendation that he be retired on a pension, Kiwanis and Exchange clubs today adopted resolutions demanding that Chief Herbert and Safety Director Chris Wall be summarily discharged and capable men appointed to succeed them.

"Business men will not be satisfied until there is a complete change of heart—a change in the police department and the town is cleaned of known crooks," the resolution declares.

As a result of the upheaval in city administration, money was posted today by a Toledo banker, which went uncollected, that Schreiber would not be mayor a week from today.

Hearing upon charges filed against William Delehanty, inspector of detectives, began this morning. Interesting developments are promised.

## CAMPAIGN STARTED FOR SQUARE DEAL FOR NAMELESS BABY

Would Wipe From State Statutes Term "Illegitimate Child."

Washington, Oct. 6.—A square deal for the nameless baby.

This is the slogan of a nation wide campaign being waged by the government through the children's bureau of the department of labor.

The forty-eight states are asked to adopt uniform legislation wiping from their statutes the term "illegitimate children" and starting the baby born out of wedlock off "right" by giving it the same legal claim to the father's name and support and the same rights of inheritance as belong to children of lawful marriages.

Miss Julia Lundberg, director of social welfare of the children's bureau today disclosed these facts:

At least 32,400 illegitimate white babies are born in the United States every year.

Seventy per cent of these unfortunate innocents die within the first year of their lives from lack of care.

"It is time justice was done the nameless child," said Miss Lundberg.

"We permit a slaughter of the innocents when we close our eyes to the fact that seventy per cent of these baby outcasts must die because of the sins of their parents due to neglect."

## REPORTS PEACEFUL CONDITIONS ARE ORDER IN HAITI

Marine Commandant Reports On Police Work On the Island.

Washington, Oct. 6.—A state of peace and tranquility prevails through Haiti, Major General John A. Le Jeune, commandant of the marine corps, declared in a report to Secretary Daniels on his recent investigation. The work of the marines in suppressing banditry has won the gratitude of all law abiding natives, he added.

Instructions of Col. John H. Russell, commanding, insisting upon "kindly treatment" of the inhabitants by the men of his force are being "loyally and conscientiously" enforced by his subordinate officers, General Le Jeune asserted.

In giving out the report, Secretary Daniels, while making no direct reference to recent charges of Senator Harding, that the administration was conducting "unconstitutional warfare in Haiti," declared it was "given to the public because of recent widely published statements, reflecting upon the United States marines on duty there." General Le Jeune was sent to Haiti to report on conditions during the period from June last when he became commandant of the corps, because of these statements, Secretary Daniels said.

While representing an almost total suppression of banditry and lawlessness at the present time, General Le Jeune declared that "until banditry has been completely stamped out, it is essential for the welfare of Haiti that the present disposition of marine forces in the interior should not be changed."

UMPIRES  
Henry Day and Bill Klem, of National League; Thomas Connolly and Bill Dineer, of American League.

Ebbets Field, Brooklyn, Oct. 6.—Manager Wilbert Robinson of the Dodgers in desperation over Tuesday's defeat, threw Burleigh Grimes against the oncoming Cleveland Indians here this afternoon, and the pitching ace proved the faith of his superior by blanking the American league champs, 3-0.

In nine innings of superior ball pitching Grimes was not found wanting and turned in a shut-out game, standing the Cleveland batters on their heads at every stage of the set. Manager Tris Speaker selected Bagby, former Red, to handle the fortunes of the Indians today but he was unable to go to the route and was relieved by Uhl in the seventh.

Bagby got away to a bad start in the initial frame, when the National League champs touched his delivery for one run. With this lead to go on, and with Grimes hurling a splendid article of ball, the Dodgers appeared to have all they needed. Taking no chances with the heavy hitting Indians, however, the Dodgers went out and added another counter in the third and repeated their stunt in the fifth stanza.

In the lucky seventh Speaker lifted his pitching choice from the kopie and substituted Uhl in order to let a pinch hitter bat. Uhl blanked the Brooklynites in the remainder of the contests but the stiffening in the pitching end of the game to late to save the Ohio Club from defeat. A-

though Bagby has won many games for Cleveland this season, he was not able to turn in as creditable an exhibition on the mound as Covaleskie did on Tuesday and his defeat eliminates one of Speaker's best bets to handle the mound work.

Seven hits apiece constituted the toll exacted from the pitchers on each side, but assembled swats by Brooklyn and one error by Cleveland, resulted in the defeat of the Ohio team. The Dodgers played errorless ball behind the excellent game turned in by Grimes, who kept his hits scattered and was never in serious danger.

The victory of the Dodgers evens up the series and increases interest in the big time tournament. Cleveland has to win the game at Brooklyn Friday to get the edge on the series before returning to Cleveland for its home games.

## WILLIS SCORES WILSON AT REPUBLICAN RALLY

Former Governor Addressed Packed House In Xenia Tuesday Night—Rose Moriarity Calls on Voters To Repudiate Present Administration.

"It is just as possible to overthrow our government by a foolish foreign policy as by the internal disorders of the Reds," declared former Governor Frank B. Willis, Republican candidate for Senator from this state, to a crowd of over 500 people at the Republican rally at the Opera House Tuesday evening.

The ex-governor dramatically tore President Wilson's League of Nations to pieces, scoring Wilson's policy in handling the foreign affairs all the way through, ridiculed James M. Cox, the Democratic candidate for his vacillating attitude, and paid a

tribute to Congressman S. D. Fess, from this district, a former teacher of Mr. Willis at Ada, Ohio, and boosted Harry L. Davis, Republican candidate for Governor. Mr. Willis did not refer to his own candidacy or mention, W. A. Julian, his Democratic opponent.

He spoke before a crowd that filled every seat in the down-stairs portion of the opera house, part of the balcony and the stage. L. T. Marshall, chairman of the Republican County Executive Committee had charge of the meeting, and George Little, president of the Xenia Harding and Coolidge Club, introduced Mr. Willis, and Miss Rose Moriarity, of the staff of speakers of the state campaign committee, who preceded him. Rev. Albert Read, of the First Baptist Church, delivered the invocation.

The Chamber of Commerce Band furnished music, preceding the meeting as the crowd assembled, and during the intermissions. The colored Glee Club sang several selections. The club was applauded heartily on its rendition of campaign songs such as "Warren G. Harding," "Harding and Coolidge," and "Just Before the Battle, Jimmy."

Miss Moriarity paid a tribute to Mr. Willis in her opening remarks, as "the man who did much to bring about the Republican situation as it is today." "When we send him to

Mrs. George Bass, head of the Democratic Women's Committee, charges Mrs. Livermore with "perversion" of the text of the covenant.

## DECLARE REPORTS OF REVOLT FALSE

London, Oct. 6.—"Rumors that a revolt has broken out at Petrograd and elsewhere in Russia and that Leon Trotsky, minister for war in the soviet government, has been wounded, are both false," said a Moscow dispatch printed today by the Daily Herald. ## WILL DELIVER HIS FIRST ADDRESS AT DES MOINES, IOWA

Longest Speaking Trip Of Campaign Will Be Undertaken.

## TO REPLY TO WILSON

Nominee Will Arrive In Chicago Wednesday Afternoon.

Marion, O., October 6.—Senator Warren G. Harding left Marion today on the longest speaking trip which he probably will engage in during the campaign.

The trip is a five day swing that will take him through half a dozen middle-western states and dip down into Oklahoma and Missouri, two states which the Republican campaign managers claim but which are doubtful enough to be termed "pivotals." In each of them there is a hot senatorial contest.

Senator Harding's first speech of importance on the trip will be made tomorrow at Des Moines, when he will deal with the League of Nations in reply to President Wilson's recent appeal in its behalf. He will speak at Omaha tomorrow night and from there swing over into Missouri for speeches at Kansas City and St. Joseph. Saturday will see him in Oklahoma City.

Senator Harding was accompanied today by Mrs. Harding and Harry M. Daugherty, his personal campaign manager. Headquarters' attaches and newspaper correspondents made up the rest of the party.

From Marion, the Harding special was scheduled to go direct to Chicago today, the route leading across northern Indiana, where some rear end speeches will probably be made.

Chicago will be reached at 5:40 o'clock. The senator will dine there, hold a number of conferences with western headquarters officials and leave at 10 p. m. for Des Moines, arriving there early Thursday morning.

## JAPANESE TO STOP TRANSFER OF GOLD FROM U. S. TO JAPAN

Funds No Longer Necessary Due To Decreased Imports.

Washington, Oct. 6.—The Japanese government has intervened today to stop the transfer of gold from the United States to Japan. Trade Commissioner Abbott today informed the Bureau of Foreign and Domestic Commerce.

"Subsequent to the recent decreases of imports by Japan, funds which have been received abroad for the financing of imports were no longer deemed necessary," the report declared.

The specie reserve in America were brought over to Japan by exchange banks during July to the amount of \$16,000.

Japanese matches which had a monopoly in several markets during the war are losing their standing in the foreign markets because of strong competition and exports of matches are decreasing. Exports during July totaled \$84,000 which is a decline of \$25,000 below the previous month and of \$41,000 below July 1919.

## LIMERICK CONTEST PRODUCING RESULTS

Have you written your last line in the limerick contest yet?

If you have not, get Monday evening's Gazette find the advertisement for "The Captain and the Kids," the musical comedy which plays at the Opera House Saturday evening, and try your wits substituting a fourth line for the unfinished limerick published in the advertisement.

Many of the contestants who have so far sent in "lost lines" are confusing the rhyme of the limerick and are making their substitute line rhyme with the one preceding it. This is probably caused by the style in which the limerick is published, the third and fourth lines being run together. Try it the following way: Dear folks young and old come and see our show.

Dancing, mirth and melodies we bestow;

A laugh every minute,  
With pretty girls in it,  
Make the last line rhyme with the first two.

**LETTERS ANSWERED**  
Elizabeth C.—There are preparations that will remove the hair from the face or any part of the body but relief is only temporary, while he trouble itself remains. These depilatories act much the same as a shave, making the hair more stubborn and coarse each time it grows out. The only sensible way to treat a condition of this kind is to bleach all the fine hair with peroxide of hydrogen, and the coarse hair can be taken out with blunt end tweezers. If you can afford the electric treatment, it is the best thing to do about it as the needle penetrates the hair follicle, destroying the hair at the root.

Brunette.—You can increase your weight by drinking plenty of milk and taking a good tonic to increase your appetite. An extra hour of sleep each day will also help you gain, and all healthy sports will assist you in it, as they improve the digestion. Use plenty of olive oil in your salad dressing.

Discouraged. You are to be congratulated on your success in reduction. Of course you feel better after ridding yourself of 20 extra pounds. If you feel that your face is too thin, you should feed the tissues with a building cream. Use a cleansing cream generously all over the face and throat, and remove it with a heavy wash cloth that has been steeped in very warm water. This opens all the pores, while it also cleanses them. The skin is now in a condition to absorb the finer cream, which may be gently massaged into the skin, or vibrator may be used.

This latter method brings the blood to the surface and increases circulation, which assists in this building process. Remove the cream

that has not been absorbed by using a soft cloth or absorbent cotton.

Close the pores and harden the tissues by rubbing a small piece of ice over the entire face and throat. A pleasant way to handle this is to place a piece of ice, the size of a walnut in a small square of cheese cloth and roll it so the four corners may be used as a handle while the ice is applied to the skin. The cheese cloth is useful also in absorbing the water as the ice melts, which makes a neater way of handling it, keeping the water from dripping on the blouse.

You may use ice every day, even if you have not used the creams, as your skin should be hardened after throwing off so much of the fatty tissue. Two or three drops of benzoin in a quart of water will act as a mild astringent also. Use this as the last rinse after bathing the face. Benzoin is not a patented preparation and may be purchased in any quantity at the drug store.

Blue Eyes.—You are very fortunate in having hair that is both thick and wavy and should have no difficulty in making up a becoming coiffure. With such hair, a very simple style will be the most effective. In the chat printed August 25 you will find a good method of dressing the hair as it is youthful and not at all fussy, which makes it well suited to a girl in business.

The hair may be parted on the side as illustrated or in the middle then bring it down over the ears, but keep it well fluffed by running a coarse comb through it and gather all the hair together in the back and roll it into as thick a mass as can be made. It will resemble a bun when es circulation, which assists in this building process. Remove the cream

The dining room was very pretty with festooning of yellow and white and autumn leaves. Yellow and white candles in crystal candlesticks were used on the table. A two course luncheon was served. In the center of the table a miniature bride held yellow ribbons which were tied to tiny baskets of candies at each place. The guests were told to draw their ribbons and as Miss Flora Beam drew her ribbon she found the ring with a card attached bearing the names and the month.

While the guests were still seated at the table they enjoyed a contest. The prize, a crystal basket was won by Miss Mildred Mendenhall who presented it to the bride-elect. The guests also wrote recipes and advice and presented them to the bride-elect.

Those present to enjoy the affair were: Mrs. Mildred Laurens, Misses Flora and Martha Beam, Eva Crumley, Alma Weaver, Katharine Conklin, Grace Lile, Eva Johnson, Mildred Mendenhall, Ruth Johnson, Mae Johnson, Nellie Fierstone, Martha Johnson and Hazel Johnson.

### JR. WOMAN'S CLUB AT BRYSON HOME.

Mrs. Graham Bryson opened her home on the Clifton pike Tuesday afternoon to members of the Junior Woman's Club for the first meeting of the autumn season.

About thirty of the club women were present, and the afternoon in Mrs. Bryson's home was very enjoyable. Mrs. R. S. Kingsbury's paper on H. G. Wells, the English novelist was of much interest. Mrs. Kingsbury touched upon a great many of the writer's works, among them his better known stories, such as "Mr. Britling Sees It Through," and "Joan and Peter." She also gave an outline of the plot of his new book.

The discussion on Mexico proved to be a subject of unusual interest. The topic was "Do We Understand Mexico?" and Mrs. Charles Fisher opened the discussion. Mrs. Walter Harner and Mrs. Gowdy Williamson assisted in the discussion, and other members took it up so that there was an animated change of opinions regarding the situation in the republic to the south.

Mrs. W. H. McGervey delighted the women with two vocal numbers. Mrs. S. O. Hale, retiring president of the club spoke a few words of farewell. Mrs. Harry D. Smith, the new president gave her annual address, in which she outlined the program for the year, and the work that will be expected of the women. The club will hold its next fortnightly meet at the home of Mrs. J. D. Steele, October 19.

## "KILL THE LEAGUE" PLEADS WITH HARDING A TEXAS DEMOCRAT ON HIS DEATH BED.

Chester H. Terrell, Speaker of the lower house of the Texas Legislature who was a lifelong Democrat and who brought about the impeachment of Gov. Ferguson of his State, died in San Antonio a few days ago after telegraphing to Senator Harding a denunciation of the un-American course of the Democratic party in attempting to deliver the United States into alien control and adjuring the Senator to stand firm for America first and last.

Senator Harding's answering telegram of appreciation for Mr. Terrell's splendid Americanism arrived too late, as Mr. Terrell died just before the telegram reached San Antonio.

Chester Terrell's deathbed plea for Americanism will stand as a dramatic episode in American politics. It tells its own story, and there is in it the dignity and sincerity of patriotic purpose. As he was dying Mr. Terrell sent this message:

"I presume you think I rather presumptuous for a man twenty-five years your junior to make suggestions to you about your campaign, but I am going to take the risk, as Mr. Scooby will tell you that my health is in such condition now that any criticism you may make will fall on deaf ears.

"I have been a Democrat all of my life. When I was 24 years old I was elected to the Legislature of this State and serving that term and the two next succeeding, and the last one I was elected Speaker by the largest vote ever given a candidate for the position where there was an actual contest.

"I had never contemplated changing parties until I found that my own party had committed itself to a League of Nations which contains such a provision as Article X.

"It is entirely beyond my conception that any American could ever agree that Great Britain should have six votes to America's one, before the Assembly of the League of Nations before the Labor convention provided for under the League of Nations, and might have as many as three votes to one before the Council.

"The suggestion made for us to adopt an interpretative resolution, which would have no binding effect, is an absolute absurdity.

"An objection to President Wilson's statement that the Council or Assembly can always block every question, and that we can protect ourselves thereby, is that our representative would not have a right to vote if we were a party to the controversy.

"Therefore you have a question in which the United States is vitally interested, decided by a council of foreign diplomats, probably in secret conference, and not in an open hearing and we could contest their decision only by filling a resignation to take effect two years later.

"Even the League to Enforce Peace was going to have the questions decided in an open judicial way, with representatives to decide the questions as they arose, and not under this plan that would mean deciding questions arising from year to year by men not selected for their fitness to pass upon these questions, but simply selected for some political reason.

"I have been confined to my bed for nearly two years, and I suppose I am one of the very few men who have read everything appearing in the Senate's Congressional Journal bearing on the treaty, including speeches of Senators on both sides, and other data printed on the subject. The Republican Senators did the only sensible thing that could have been done under the circumstances after the treaty and the League of Nations were presented by the President."

## A DEMOCRATIC PAPER ADMITS THAT HARDING IS FAR IN THE LEAD.

The New York Evening Post, which is supporting the Democratic ticket, says in an editorial:

"The campaign has just one more month to run, but it is agreed that if the election were held today Senator Harding would score a decisive victory. To this circumstance is ascribed in large measure the apathy of the campaign. On the Republican side there is the apathy of assured victory. On the Democratic side there is the apathy of seemingly accepted defeat. The outcome in Maine, the reported state of sentiment on the Pacific coast, the overwhelming betting odds against Cox in Wall street have been made the basis for claims of a Republican victory that is to rival Theodore Roosevelt's victory in 1904."

Confession is said to be good for the soul, but few partisan papers will admit the probability of their party's defeat. However, the Post uses this admission of possible disaster to its cause, to urge the "unterrified" democracy to increased effort for success during the remaining month.

The issue as we understand it is whether or not the American people approve of the policies, the performances and the insistently proclaimed principles of the second Wilson Administration.

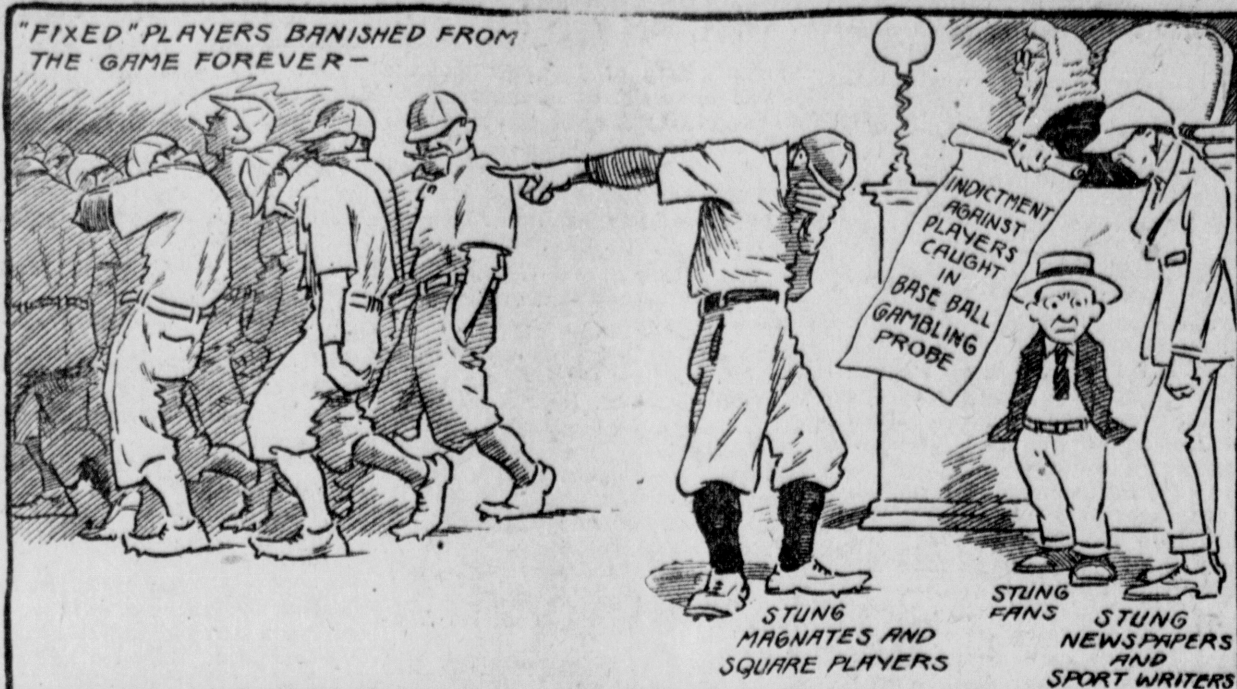

"Wilson" is the supreme subject on which the people want to express an opinion at the polls. And in desiring so passionately to do just this they are carrying out the basic principles of responsible government. They are on the right track. If Governments are not to be called sternly to account at the great public assize of our quadrennial elections, then "responsible government" becomes a farce; and a party in power can do anything it likes and yet escape trial and punishment by the easy device of putting up a new and conspicuously different candidate. Cox may insist that he and not Wilson is the nominee; but nevertheless "Wilson" must remain the issue.

Our good opinion of the poise and sense of the American electorate must be greatly increased by the contemptuous calm with which they have received all the Cox pyrotechnics. They have paid absolutely no attention to them. They have quietly and correctly assessed them as campaign "bally-hooing," and have not even taken the trouble to show impatience. But not for a moment have these noisy efforts at distracting the attention of the country from its paramount duty on this occasion—an unmistakable condemnation of the Wilson Administration—succeeded in making their sure instinct has from the first fastened upon as vital.

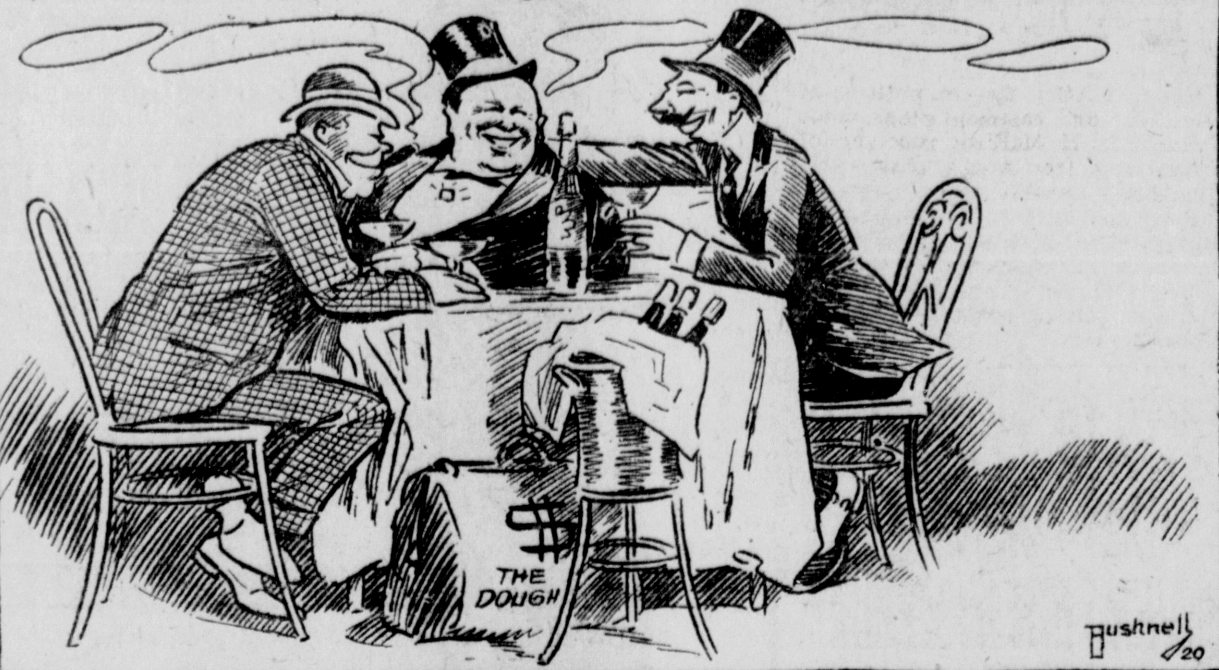

The orgy of spending, once so popular in the United States, is over, and while it was a great ride while it lasted, the problem to be solved now is how to get home now that the car has broken down.

Baseball fans in Brooklyn lined up in the wee small hours of the night to get first chance at seats for the opening contest of the world's series. Apparently the breath of scandal has not left its mark on the national pastime.

## WILL THE WEAK TOOLS BE PUNISHED WHILE—

—THE GAMBLING RING THAT PULLED THE DIRTY DEAL GETS AWAY WITH IT!

## WILLIS IN XENIA ADDRESS SCORES WILSON POLICIES

(Continued From Page One.)

The United States Senate we will have a real leader," she said, "and two years from now when we send a Republican partner for him to the Senate, we will have the circle complete."

Miss Moriarity, struck the "non-partisan" plan, some women are said to be fostering, a death-blow, by saying that it was urged by Democratic propaganda. "Ninety-nine times out of a hundred when a man says he is non-partisan, he is Democratic and ashamed of it," she said. "There is nothing so fine in the world as being citizens of a great Republic like this. We should show the men we are worthy of suffrage and join a political party."

Miss Moriarity satirically called President Wilson, "Dr. Wilson" and referred to him as a "medicine man passing out political Peruna." In 1916 he called this medicine, "kept us out of war," she said, "but now it is labelled 'League of Nations.' The serious issue in this campaign is 'Americanism versus Internationalism.' We need not sign any certificate of good behavior with the politicians of Europe. Don't be diverted from the path," she concluded, "let's send this international medicine man into discard where he belongs."

"There are few, if any women, in the state, who have done as much to enfranchise women as Miss Moriarity," said Mr. Willis, in beginning his address. Continuing he paid a tribute to Dr. Fess and boosted Harry

Davis, the Republican gubernatorial candidate.

Comparing the first plans in the platforms of each of the big parties, he showed that Democrats had used the first plank in praise of President Wilson and the administration while the Republicans had devoted the initial plank to pledging the party in support of the constitution of the United States. "The Democrats are applauding one man," he said, "but this isn't a one man country." The time has come to elect a man big enough to look out of the north window of the White House instead of just the south window.

"We have to stop this riotous waste of government funds or we are going on the rocks. I am complaining about the wicked waste of the people's funds that started during the war and is going on yet. The time is come for an accounting. The government of the United States has lost in part the confidence of the people, because it is mis-managed. Where did this money go? Walk down the Miami Valley and you will find some of it," declared the speaker.

"We have to demobilize this army of swivel chair patriots in Washington," continued Mr. Willis, "Armies may come and armies may go but this army of Democratic office holders goes on forever."

Switching to the League of Nations, the Republican candidate said, "The United States is the only power at the Peace Conference that asked for nothing and got much less than it asked for. We don't propose that the independence won by the sword of Washington shall be bartered away by anybody's fountain pen, I don't care who holds it."

The speaker referred to the Shantung situation and styled the League of Nations, the "League of Force." "If I am elected to the Senate of the United States I will not under any circumstances vote for any act that will put a single American soldier boy under the command of any foreign nation," said the speaker. "The issue is plain. The question is whether America is for America or for some one else. Let us not let any am-

GEORGE THE GREAT.

This George of England is a king whose ways are most endearing, for now he kicks like everything at greedy profiteering. Some time ago Queen Mary said, "I've through the palace capered, and certain rooms need painting red, the walls should be repapered. Most any time some royal nob's may come around week-ending, and they would think that shiftless swabs to house-work were attending." Said George, whose head began to throb, "If you'll but cease your clangors, I'll have the lord high thingumbob call in the paperhangers." The honest British workmen came, prepared to paint and putty; they named the wages they would claim, and George said, "You are nutty; there is no sense in such a price as you are now demanding; to you a pitcher full of ice, with royal grace, I'm handing. Because some thriftless kings have flung the coin with zeal distressing, you think that Georgie may be stung, but you are poor at guessing. I'll paint the palace all alone, with princely vim and vigor, before I'll pay you men a bone above a righteous figure." The royal shack is punk, in fact, offending all who scan it, and Mary reads the riot act, but George is firm as granite. He says to her, "Our dark abode will shabby be for ages, unless some lads come up the road who'll work for decent wages."

bitious adventurer pull down the American flag and run up another in its place. Let's not give up the independence of this Republic. The mission of America is to stand in a position to help the right when the right needs help.

"If I have to choose between America and internationalism I propose to be American to the end of the chapter," said Mr. Willis in closing.

Of special interest at the meeting was a delegation from Spring Valley, which township sent many supporters to the rally, carrying banners. "We are for America first," "Hello, Frank we are for you," and "Spring Valley Township Republicans." The contingent won praise from the speakers of the evening.

Previous to the meeting, Mr. Willis, Miss Moriarity and one hundred prominent Republicans dined at the Elk's Club.

## NARROWLY ESCAPES DRIVING CAR INTO MILL RACE TUESDAY

Attempting to avoid running into the mill race at the Oldtown plant of the Dewine Milling Company late Tuesday night, O. H. Bullitt, of R. R. 8, Springfield, drove his Maxwell touring car partially under the mill. It lodged there with the hood and front fenders caught beneath the floor of the mill.

Mr. Bullitt and a companion were unhurt. They took a traction back to Springfield, and the machine was removed from its awkward position Wednesday morning. It was slightly damaged and an expenditure of about \$20 will be required to repair the damage done to the mill.

Mr. Bullitt said that he was blinded by the glaring lights of an approaching car, and thinking that there was a cross road to the left in front of the mill, he turned his machine in that direction. He saw his danger when the car was within a few feet of the race and turned it toward the mill.

## WITH THE WOMEN OF TODAY

By Edith Moriarty

Florence Ellinwood Allen, the first and only woman to run for a place on the common pleas bench of Cuyahoga county, Ohio, stands a better chance of winning at the coming election than any of the men who are running. Miss Allen who has long been a suffrage worker and prominent in both the National Suffrage association and subsequently in the League for Women Voters has the distinction of having the Democratic party endorse her nomination for a non-partisan office. The Republican women's organizations are backing her and almost every prominent women's club in the city of Cleveland has endorsed her for the judgeship. This is an unusual procedure, for almost all of the women's organizations of Cleveland are non-partisan and they rarely take a stand on political issues.

This is not Miss Allen's first appearance in public life. She has been one of Cleveland's most successful lawyers for several years and last year was appointed assistant prosecuting attorney, making her one of the first women in the country and the first in her state to receive such an appointment.

Miss Allen was born in Salt Lake City, Utah. She went to Cleveland to study and after graduating from college there she went to Berlin to study music. Law and the injustice received by women in the name of justice interested her, however, and so she studied and was admitted to the bar. She has practiced in Cleveland ever since. Aside from being an able lawyer she has published a book of poems and at one time she wrote musical criticisms for a daily newspaper.

SOUTH AMERICAN SUFFRAGISTS  
The Mexican constitution grants the right to vote to all citizens without distinction of sex and the council is working to see that women enjoy this right. Men opposed to woman suffrage are placing many obstacles in the way of carrying out the provision of the constitution.

One state in Mexico where women have voted for some time in Guanajuato, one of the richest in the country.

In Paraguay a woman suffrage association was recently formed. The new organization immediately allied itself with the International Woman Suffrage Alliance.

In Uruguay, a deputy, Alfeo Brun brother of the president, Dr. Baltasar Brun has introduced a municipal woman suffrage bill which is supported by most of the women's organizations and by many influential men. In Argentina the Working Women's Federation advocates equal right for women.

## EASTERN CAPITAL INTERESTED IN NEW CITY RECEIVERSHIP

Dayton, O., Oct. 6.—On petition of J. C. Bills, Jr., common pleas court has named E. H. McElroy receiver for the Bahmann Iron works, clay working machinery and sugar mill concern, and gave authority to continue business now on hand amounting to \$600,000. Assets are estimated at \$1,000,000. The plaintiff says a recent closing of eastern financial institutions has derived the company of its banking facilities and that the local company may be called upon to pay its obligations rapidly.

## NUT HUNTERS NOW SEARCH WOODS FOR SEASON'S PRODUCTS

Members of the Black Hand are beginning to show up in the schools of this city.

No, they are not members of a secret organization of bomb throwers who are plotting to overthrow this government.

Rather, they are a secret gang of walnut knockers, who pound the hulls off in the back yard, and place the nuts on the roof of the woodshed to dry out.

And the walnut stain contributes to the black hand idea. The lad who acquires the blackest stain on his hands is elected leader of the gang, for in the society of youth, it is quite an honor to display a set of paws well-stained with walnut juice.

Kids are infesting the woods with enthusiasm and burlap sacks now and while it would be a difficult job to find the nuts the evidence of their having been acquired is displayed on each lad's hands. Hickory nuts and walnuts and even butter nuts are being found by the nut-hunters. The recent slight frosts having brought the nuts around.

## CANDIED APPLES ON STICKS LATEST FORM OF POPULAR SWEETS

"An apple a day keeps the doctor away."—Old Adage.

"Gimme an apple," said a freckle faced lad, as he passed a nickel from a grimy palm to the hand of L. F. Clevenger, proprietor of the The Sugar Bowl.

And having given the magic password the lad was handed an apple. No not like apples as they are picked in the orchard or as they are in neat rows in front of the groceries. This is an entirely different kind of an apple, for it has a "wooden stick" in it for a stem, and it is coated with a delicious candy that adds to the loveliness of its appearance and to its delectability in the eyes of youth.

The "new kind of apple" is the origination of Mr. Clevenger, and it is nothing more than an ordinary apple in one end of which a stick has been placed and the whole has been dipped in candy, which is then permitted to harden. Mr. Clevenger thought of the plan one night and placed it into effect the next morning with a half-peck of apples. The next day he bought a peck of apples and now he is making his fruit purchases in five bushels at a time.

In the window of the candy shop the apples sit row on row like so many tin soldiers, tempting each passer by and just appealing to the school time. Youngsters especially after school time, flock to the little shop and deliver up nickles for apples. For wise parents know that the old adage is correct and that the apples are good for little tummies, even when disguised by candy to make them more tempting. And they are really delicious, for the hot candy par-cooks the outside of the fruit and the mixture of the sweet with the delicious apple taste is a mouth-watering combination.

"And don't you think that it is only the young folks who buy them either," said Mr. Clevenger. "Old as well as young like them," he added. "Too much candy is bad for anyone, and too many apples are none too good. But the mixture of the apple with the candy seems to appeal to them just right."

## SPARKS CAUSE FIRE ON W. CHURCH ST.

Packing in an unused grate caught fire at the home of George Shroades on West Church street at 7:25 Tuesday evening.

Sparks from a fire in a grate in another room is believed to have caused the blaze. The fire department extinguished the flames with little damage.

The department answered a false alarm at 5:30 Tuesday evening, the call saying there was a fire at the Bel-den Milling Company. There was no fire.

## JOHN SITOR DIES AT AGE OF 73

John Sitor, aged 73, died at his home one mile west of Alpha at 5:45 Tuesday afternoon. Death followed an illness of three years duration, of cancer.

Mr. Sitor was born in Greene county, a short distance from the home in which he died. He is survived by his widow and three children.

Funeral services will be conducted at the home Friday at 9:30 and at 10:30 at the Dunkard church at Zimmerman. Burial will take place at Mt. Zion cemetery.

## BANK LOOTED BY YOUTHS.

Buffalo, N. Y., Oct. 6.—Four youths looted the Bank of Depew at Depew, N. Y., of between \$5,000 and \$10,000 in currency. Elmer J. J. Nash, President; a woman bookkeeper and a woman customer were locked in the vault by the robbers, who fled in an automobile.

## Nobody thinks anything now of going away on a trip

**T**HE railroads were partly responsible. But it wasn't until the automobile reached its present state of development that the old barriers against travel were finally broken down.

More people own automobiles today than ever thought of owning a horse and buggy in the old days.

That's because the cost of motoring has been brought within reach of the average citizen's pocketbook.

We look upon it as part of our job to keep it there. If it weren't for the trade of the man with the medium priced car there wouldn't be

much in this tire business for us.

The less a man has to spend on motoring, the more important it is that his tires should be of first quality.

Any tire is not good enough for the small car owner. He wants a tire that will give him just as much for his money in the small size as the big car man gets for his money in the large size.

In thinking over what kind of tires we would represent in this community we tried to put ourselves in the place of the car owner. And we believe we hit it exactly when we selected U. S. Tires.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and saves about \$2. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/4 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

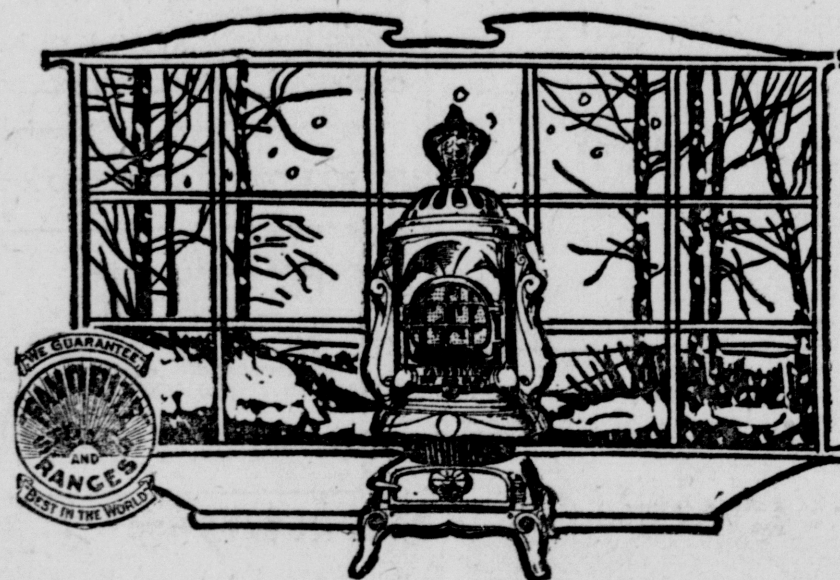

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment ask your druggist for "2 1/4 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Potatoes au Gratin—Dice cold boiled potatoes; make a cream sauce by heating two tablespoons of butter, adding one tablespoon of flour and browning, then adding one-half pint of milk and cooking in a double boiler until thick. Into a baking dish put one layer of the diced potatoes, one layer of cream sauce; then one layer of grated cheese, a little butter, pepper and salt. Continue until dish is full. Brown in the oven. This dish helps use the necessary milk for a day's diet.

TASTY DRESSINGS.

If you want to vary the flavor of a dish that has appeared on the menu frequently try serving it with a different sauce or dressing. Here are a few suggestions:

Mustard Dressing—One egg, one tablespoon cornstarch, one tablespoon dry mustard, one-half cup salt, one cup vinegar, one teaspoon

Mix the mustard and cornstarch together and gradually dilute with the vinegar. Add the other ingredients, finally the beaten egg. Cook slowly in a double boiler until thick and then set aside to cool.

Cream Onion Sauce for Chicken—Four tablespoons flour, two cups milk, one-half cup chopped onions, salt, one-half cup cream.

Blend the flour, salt and cream. Bring the milk to a boil and add cream, stirring, and when thick stir in the boiled onions, which have been finely cut.

If desired, a teaspoon of curry powder may be added to make this a more piquant sauce. In this case the curry should be blended first with the flour and salt.

Cucumber Sauce for Fish—Peel small cucumbers, grate and drain. Mix the pulp with salt, pepper and vinegar and set on ice to chill.

Serve with any hot or cold fish.

RECIPES FOR A DAY.

Cheese Salad Sandwich—With dry cottage cheese mix finely chopped celery, sweet green pepper, walnuts. Add a dash of paprika. To this mixture add enough boiled salad dressing to make it a good spread for the bread. Spread generously and put a leaf of head lettuce between the two pieces. This sandwich has nutritive value and is a variation of the regular sandwich.

Stuffed Green Peppers—Select green peppers (enough to serve the family) that will stand upright on the small end. Cut a slice from the stem and remove all the seeds and membranes. Wash them and cook in boiling salted water for ten minutes. They are then ready to be filled.

The proportion of filling for six peppers: Melt two tablespoons of butter; in this brown one small onion and two tablespoons of finely chopped celery. Scraps of boiled ham may be added. To this add one cup of fine bread crumbs and salt. Fill the pepper shells, stand them upright in a bread tin, with a very little water in the pan, and bake fifteen minutes in a hot oven.

ZENA TELLS KENNETH HE MUST WAIT

CHAPTER 135

Tom came in and Mary asked permission to tell him.

"I am glad, Miss Zena. I have worried about you marrying a man you had not seen in so long." Mary had simply told him I had decided to wait six months before engaging myself to Kenneth Lawrence, instead of marrying him out of hand as I had intended.

"How can you expect me to want to remain single when I see you and Mary so happy?" I asked, in an attempt to cover my embarrassment.

"We are happy, Miss Zena. But perhaps some of our happiness is because we knew each other well enough to make allowances at first. And because we were interested in the same things. Mary and I belong together. But do you and that western rancher, who would take you into a life you know nothing about, belong together? That's the thing that makes a man and a woman happy or unhappy. And you seemed very happy to have your Mother with you, and that your work was so successful. Will this man you scarcely knew be able to make happier? We hate to have you leave us, Miss Zena, but we want you to do what will be for your own happiness."

"I know, Tom. I think you are right about belonging. Perhaps in six months I shall know if we, Mr. Lawrence and I, belong. Now I must go home and tell Mother. It is going to be hard to explain to her."

"Want me to go along, Zena?" Mary asked.

"No, thanks. This is my job, and I've got to do it."

"All right, but be firm. Don't let him wheedle you into going with him."

"I shan't!" I replied, as I recalled I had given my word to Frank Claxton.

"What are you saying Zena! You aren't ready to marry me? You aren't going back with me?"

"No, Kenneth, I have decided we do not know each other well enough. We will be good friends for six months—if you wish—will write, and perhaps you will come to see us occasionally. But we will be just friends, no engagement or anything. Then if we both feel the same at the end of six months I'll go with you."

"What as made you do this, Zena? You didn't talk this way yesterday. Has the fear of leaving your boss made you throw me over?"

"I have no fear of my 'boss,' as you call him, and I haven't thrown you over. If you remember, I never really promised to marry you. You just took it for granted." I said the last lightly, anxious that he should not dwell upon any share Mr. Claxton might have had in influencing me.

"You let me," he modily answered. Then, "I can't believe you are in earnest, Zena, that you are going to send me back alone. Tell me you are only teasing me."

"I wouldn't do that, Kenneth. I consider marriage too serious a matter to joke about. That is why I am sending you away; why I want to have time to decide. The years that have passed since we met have made us strangers. People who marry should not be strangers, but should know each other."

"I was almost unconsciously quoting Tom."

"You feel you do not love me enough, Zena—but we aren't children to expect that wild exuberance of love and love-making that comes when we are little more than infants. You respect me, I am very fond of you. I can give you and your Mother a good home, an easy time. I will try and make you care for me. Isn't that enough, Zena?"

"It is more than I deserve, perhaps, but I still must ask you not to hurry me—to wait."

"Have you told your Mother?"

"No. I thought you should be told first."

"I shall get her to plead for me. I think she would be happy on the ranch. And having her with you would help make you happy, too."

"Please—I shall not change my mind."

"I called Mother in and right before Kenneth I told her. Surprise held her quiet for a moment. Then, to my amazement, she said:

"I think you are doing right, my daughter. You must feel, Kenneth, that you are really only giving her six months in which to become acquainted with you; you with her. It is little enough time. I have been very worried over this hastily arranged plan of yours but have hesitated to interfere. Zena has decided very wisely, it seems to me."

So finally Kenneth had to agree that no engagement even should exist between us for six months—that we were both perfectly free.
